“ So sorry for your loss Buck was such a sweet man .I worked at the Fredonia Store for years and remember him coming in to hangout with all the men that used to frequent there on a daily base.

“ I'm so sad to hear of Buck's passing. I'm his niece from California. My brothers and I loved Buck and although we rarely got together, he was always so much fun to be around when we did. I'm so glad that I was able to visit in 2022.

My Mom is 92 and she would tell the story of when she met Buck back in 1952 or so. Supposedly he was riding a bike and fell down. He said "some can and some can't". Buck always told the same story as my Mom on the bike and she fell down. I've got a video of his version from the last visit and we called my Mom to have a good laugh. I guess we'll always wonder who fell. Both of them probably!

I'll never forget our visits to Kentucky growing up, going fishing together, and finding out what the latest thing was that Buck had traded for and got "the best deal ever". A highlight was in 1968 when he drove the whole family to California and surprised us. The joke was on him though because we were gone fishing. My Dad and Buck were so similar. Very happy, loved to work on cars and everything, woodsy guys that were so full of real wisdom and a great laugh. Buck will be missed for sure. He lives in my heart.
