“ I worked with Glenda many years ago. Often wondered about them and how they were doing. We became friends with her and Fred and my son enjoyed spending the night with them. I loved them very much were like family.

“ Glenda was a wonderful person who always showed love for others. She loved her children and grand children. She always mentioned them in our conversations. I was sorry to learn of her passing only 2 days ago
I lost track of her and her family but she was daily in my thoughts and prayers. She was a great student, intern and friend. Prayers love and blessings to the Family.
Sincerely,
Regenia Wilkerson

“ Please accept my condolences for your family's loss. I first met Glenda when she was a social work student at Murray State University. She was focused, hardworking and friendly. I still remember the day she became a member of the social work honor society and several conversations we had in and out of the classroom. May it bring you comfort now and in the years to come that her soul is at peace with Our Heavenly Father and Beloved Savior. She will be missed.
