“ Nan was a special friend to me and we loved one another very much. I had the good fortune to meet her in 1992 through my uncle during one of my annual visits to my home state of KY from Seattle. She and Ken had moved the luka one room school house to their property. One visit to enjoy the school and all their farm animals was all I needed to feel the joy and sweetness surrounding Nan. Each year I would love going to visit her....playing with the goats, the donkey and just sit on the swing talking to one another. Three years ago I spent the night with Nan in her home. She was a gracious lady/hostess and such a sweet, enduring person. Nan was a strong Christian woman. I know she is with her Savior resting in peace. I miss her and will always love her because we had such a sweet relationship. Love to you...Sweetie. Eugenia (Gina)w
