“ You are forever a part of me! I wish things hadn't been like they were, but even today, I take you with me everywhere I go and there's not a day that goes by that I am not reminded of what an amazing part of mine you were, are, and will always be! I love you so much, until we meet again, carrying you in my heart and on my mind!

“ So sorry to hear about Will. He was my best friend growing up and spent many nights at my house. I also spent a lot of time at his house on Varmint Trace. I'll always remember watching wrestling and trying out the moves together and also playing video games. He was a great friend and a great guy. My condolences to all his loved ones.
